

Stanley/Stella STAU773 woven tote bag

Short description:

Custom tote bags made from 100% organic cotton

Long description:

Perfect for merch sellers, these lightweight tote bags from Stanley/Stella are made from a plain cotton weave for a clean and understated look.

Available to order in 13 colours, they have a double-folded top and reinforced handles for added strength and durability. You can also easily clean your custom tote bags in the washing machine at 30°C.

Stanley/Stella cotton tote bags are part of our eco collection, making them a great product for eco-conscious shoppers. As well as being made from 100% organic cotton, they're also vegan-friendly, printed with water-based inks and delivered in plastic-free packaging.

Blank for adding your own design, we use direct-to-garment print technology to reproduce your images in crisp, clear detail on one side of the tote bag. Once printed, your woven tote bags will then be packaged and dropshipped direct to your customers.

Please note: on natural or white coloured totes, any white elements of your design will not be printed, allowing the colour of the fabric to show through.
