

Canvas print with hanger

Short description: Magnetic poster hanger with a museum-quality canvas print

Long description: Turn your artwork into contemporary, ready-to-display wall art with our poster hangers. Each piece pairs a canvas print with a slimline wooden poster hanger, creating a premium finish with clean lines and a minimal look. The hanger uses a discreet magnetic fastening, making it easy to mount your print while keeping it perfectly aligned and secure.

Your design is printed on our 400gsm artist-grade canvas – a finely textured cotton substrate which consistently reproduces image details with outstanding clarity and detail. It's our most popular canvas, chosen for its premium look and feel, and is superior to many more expensive branded alternatives.

Choose from a range of hanger colours including black, white and natural oak. Each magnetic poster hanger is handcrafted from solid wood and available in sizes from 30-100cm, suitable for both portrait and landscape prints. Prints sized A4 or smaller are shipped flat in an envelope, while all other sizes ship in a rigid cardboard tube for safe delivery.

Features:

- Ready-to-hang canvas print with a wooden poster hanger
