

## Dibond

**Short description:**

Lightweight aluminium dibond prints

**Long description:**

If you're looking for a super lightweight alternative to custom aluminium prints, dibond is an ideal printing substrate that combines low hanging weight, high picture quality and durability.

Aluminium dibond is a composite material. It's 3mm thick with three layers; a black polyethylene core between two platinum white aluminium sheets.

Dibond mounted prints are a perfect contemporary option for displaying your artwork or photographs. We use fine art inks with a Giclée printing method to ensure increased saturation and luminosity.

Our dibond bespoke prints are available in a wide range of sizes. Each print comes with a hidden subframe hanging system, floating your artwork 15mm from the wall.

**Features:**

- Top grade, robust print with a long lifespan
- Perfect for photographic exhibitions
- Lightweight, strong and minimal
- With a choice of matt, gloss or lustre finish

**Wholesale price:**

From £10.00

**SKU prefix:**

MOU-DI

**Manufacturing time:**

72h
