

Eco watch straps

Short description:

Customisable eco-leather Apple watch bands

Long description:

Create designs for every occasion with our custom Apple watch bands. Our eco-leather straps are compatible with all Apple models, and securely attach to your watch with quality engineered lugs.

Brand new to the market, eco leather represents a major development in sustainable materials technology. It's a superior alternative to other faux leathers, which contain plastic that's harmful to the environment.

Polymers made from a plant-based paper combine with cotton fabric to deliver a delicately textured, water-resistant material with superb antibacterial properties. All fibres are from sustainable forests, and our eco leather is also fully biodegradable.

Each custom watch strap is digitally printed then finished with a satin coating for extra protection against scratches and wear. Lugs and buckles are available in four colour options and have a matte finish.

Features:

- Adjust comfortably to fit wrist
- Made from only environmentally friendly materials
- Clear coat layer protects prints
- Quality engineered lugs, pins and buckles, available in silver, gold, copper or black
- Fits all Apple watch models

Finish:

Satin

Manufacturing locations:

 UK  EU  US  AU

Sizes:

38mm, 42mm

Product materials:

Cotton, Wood fibres, Metal

Eco properties:

Plastic-free

Wood fibres from sustainable forests.

Printing method:

Direct digital printing

Image requirements:

png/pdf, 300dpi recommended
