

## Eco watch straps

<b>Short description:</b>	Customisable eco-leather Apple watch bands
<b>Long description:</b>	<p>Create designs for every occasion with our custom Apple watch bands. Our eco-leather straps are compatible with all Apple models, and securely attach to your watch with quality engineered lugs.</p> <p>Brand new to the market, eco leather represents a major development in sustainable materials technology. It's a superior alternative to other faux leathers, which contain plastic that's harmful to the environment.</p> <p>Polymers made from a plant-based paper combine with cotton fabric to deliver a delicately textured, water-resistant material with superb antibacterial properties. All fibres are from sustainable forests, and our eco leather is also fully biodegradable.</p> <p>Each custom watch strap is digitally printed then finished with a satin coating for extra protection against scratches and wear. Lugs and buckles are available in four colour options and have a matte finish.</p>
<b>Features:</b>	<ul style="list-style-type: none"><li>- Adjust comfortably to fit wrist</li><li>- Made from only environmentally friendly materials</li><li>- Clear coat layer protects prints</li><li>- Quality engineered lugs, pins and buckles, available in silver, gold, copper or black</li><li>- Fits all Apple watch models</li></ul>
