

Foamex

Short description:

Solid, self-edging and precision engineered

Long description:

Print on demand foamex prints offer a subtle twist on standard foam substrates. The toughened plastic material is completely solid, providing an incredibly sturdy and robust surface to print on to.

Perfect for displays and exhibitions, each foamex print comprises a 12-colour Giclée print mounted onto 10mm thick PVC board. Foamex prints are available on a black or white board; effectively 'self edging' and thus requiring no additional hand-finishing.

Each print comes ready to hang using a special subframe hanging system, floating your artwork 15mm from the wall. Available in a wide range of sizes.

Features:

- Solid, rigid foam board
- Professional, high-quality finish
- Bow and warp resistant
- Delivered ready for hanging

Wholesale price:

From £7.00

Manufacturing time:

72h
