

Framed canvas

Short description:

Transform a standard canvas into a special work of art

Long description:

Our superior framed canvas prints feature a 38mm stretched canvas within a traditional picture frame. The simple addition of a wooden picture frame gives a completely different 'look' to your Giclée printed wall art; quite distinct to a standard print on demand canvas.

The thin frame sits approximately 5mm from the edge of the canvas helping to create a floating border. Our framed canvas prints are highly recommended for photography and statement images.

All prints can be produced within 72 hours and dropshipped to any global location.
