

Gildan 64000L

Short description: Fitted, short sleeve tee with crew neck style and side seam construction. Made from soft and stretchy ring-spun cotton.

Long description: This fitted, short sleeve t-shirt is an everyday essential. It's made from a soft and stretchy ring-spun cotton. The softstyle fabric has a high stitch density creating a smooth surface, perfect for custom printing. The material has also been preshrunk to minimise the risk of shrinkage in the wash.

It also has a figure hugging fit and a classic crew neck style. Taped neck and shoulders and a side seam construction help the tee retain its shape wash after wash. Double-needle stitching is used at the collar, sleeve and bottom hems to ensure durability.

Using our advanced, direct to garment print technology, this custom tee can be manufactured and ready to dropship in just 48 hours.
