Hahnemühle German etching

Short description:	A velvety-textured fine art paper – delivered rolled or flat, ready to frame
Long description:	Hahnemühle German Etching is a heavyweight, velvety matte paper with a slightly more pronounced texture than Hahnemühle photo rag. Its warm white tone and softly etched surface give it a tactile, hand-crafted quality that enhances depth and contrast – ideal for limited editions, paintings, lithographs and fine art photography. All of our fine art prints are made using Giclée printing – the gold standard used by museums and galleries worldwide. Pigment-based archival inks deliver smoother gradients, richer colour depth and long-lasting brilliance that won't fade when displayed indoors. Choose sizes from 4x6" to 43x87". UK orders sized 200mm and EU, US and AU orders sized A4 and under ship flat. All other sizes ship rolled.
