

Pro pickleball paddles

Short description: Pro pickleball paddles made from carbon fiber, available to order as singles or as a set

Long description: Level up your pickleball game with our pro pickleball paddles – the ideal upgrade from our custom pickleball paddles for beginners.

Each pro pickleball paddle is made from 18k carbon fiber, which helps to distribute contact across the entire surface of the paddle, enabling increased precision and maneuverability. Added benefits include a honeycomb core for enhanced control and power alongside an anti-slip, sweat-absorbent handle for improved grip and comfort.

Prodigi pro pickleball paddles are available to order as a single paddle for solo players or as a set of two paddles with two balls and a convenient carry bag, so you can serve up games on the go.

Printed on both sides, we'll print, pack and dropship your custom pickleball paddle or paddle set on demand to your location of choice.
